

Silent Knight[®] HD SAFETY SEAL

USP 800
Compliant

Minimizes risk to healthcare staff from exposure to hazardous drugs (HD).

**Keeps Crushed Hazardous Drugs (HD)
Secure in Pouch Prior to Administering.**

Protects Drug Integrity and Ensures Staff Safety.

- Easy To Use – Each Seal is Marked with Placement Instructions
- Convenient Dispensing & Storage Box
- Perforated Individual Labels
- Write-on Surface for Permanent Ink Pen

Challenges:

1. Protecting facility staff and patients from exposure to hazardous drugs (HD).
2. Crushing and transporting hazardous drugs in a safe and secure manner.

Solution:

Hazardous drugs should be crushed and stored using the Silent Knight pill crushing machine and associated Silent Knight pouches. To ensure staff and patient safety, the Silent Knight pouches should be sealed with the Silent Knight HD Safety Seal.

Facilities where exposure can occur:
